Note: There may be subdivision in each question of Group B.

MAJOR – 2

Political Theory

90 Lectures

Major Paper-02

### POLITICAL THEORY

Course Objectives: The course has been designed to introduce key concepts in politics to the students to sharpen their understanding of political concepts, their origin and development, important discourses and the ability to make the scientific enquiry into the political phenomenon and political questions. Diverse traditions and approaches have been included in the scheme of teaching to make understanding comprehensive and insightful. Contemporary debates on key concepts and theories like changing role of state in the era of globalization, power, sovereignty, equality, freedom, rights and justice allow the students to understand the expanding horizons of discourses in the discipline.

### Learning Outcomes:

1. Students will be able to learn key concepts needed to understand the Political Phenomenon, Political Theory and Political Philosophy.
2. They will come to know about the role, significance and functions of Political Theory.
3. They will come to know about classical and modern tradition, its characteristics, importance and limitations.
4. They will learn the origin, development and various theories of State System.
5. They will be able to know all aspects of Behaviouralism and Post- Behaviouralism.
6. They will come to understand and explain different theories and debates in Justice, Equality, Rights and Liberty in the contemporary times.
